BY-LAW NO 5 – RACK FEES FOR PRIVATE EQUIPMENT STORED AT THE CANBERRA ROWING CLUB BOAT SHED

This By-Law relating to Rack Fees is made by the Committee under clause 36 of the Canberra Rowing Club (CRC) Constitution.

Rack Fees will be levied per seat per year or part thereof for boats and oars, payable in full in advance.

Non-payment of rack fees will result in a polite request to remove private boats to make room for others.

Members should be aware of the Club's general policies regarding racking of private boats.

New boats coming into the shed need the permission of the Captain, and rack space will be allocated at the Captain's discretion. Owners of private boats may be asked to relocate within the shed to meet the racking needs of the Club as determined from time to time by the Captain, and shared racking of private boats will be required to optimise use of fixed and mobile racks.

No right of occupation exists with any private boat, and access to rack space does not transfer to a new owner upon purchase of a private boat of any size already racked in the shed.

With space in our shed at a premium, there will also be some focus over time on boats stored in the shed and gathering dust. Owners of boats and equipment that is not used reasonably regularly may be asked to find alternative storage.
